ABOUT THE BUND SUMMIT

关于外滩金融峰会

2024 年，世界继续经历深远的变化，全球经济面临高度的不确定性。地缘政治冲突，贸易保护主义抬头，国际贸易体系面临碎片化挑战。主要央行货币政策正尝试转向，但去通胀的最后一公里未必是坦途。人工智能技术革命正蓄势待发，但也蕴含着颠覆性的风险。能源危机、气候变化、人口老龄化等问题仍待解决，全球经济可持续发展的挑战与机遇并存。与此同时，多场重要选举或将带来全球政治格局调整，也为全球治理带来了新的不确定性。

第六届外滩金融峰会持续聚焦国际金融、绿色金融、科技金融、数字金融四大议题，坚持“国际化”、“专业化”定位，为上海建成具有全球重要影响力的国际金融中心，为中国作为建设性力量参与国际治理，为国际社会消弭分歧、增进互信、凝聚共识，贡献价值与力量。

In 2024, the world continues to navigate profound changes and uncertainties, seeing challenges from escalating geopolitical tensions, rising protectionism, and geoeconomic fragmentation. For the global economy, the last mile of inflation fight is proving tougher as major central banks endeavor to manage policy shifts. In the realm of technology, the rapid advancement in artificial intelligence harbors both immense promise and potential peril. Meanwhile, persistent issues such as energy crises, climate change, and population ageing continue to present both challenges and opportunities for the world's sustainable development. Against this backdrop, multiple important elections around the globe could reshape the global political landscape, introducing further complexities into global governance.

As an annual convening of leading minds from around the world, the Bund Summit seeks to explore trends, generate dialogues, build consensus, and foster partnerships towards a more resilient and sustainable future. This year, the discussions will cover key issues such as global economy, international finance, green development, and financial technology.

Global Macroeconomic Policy Divergence: Implications and Market Impact

Moderator: MIAO Yanliang
CF40 Member

Inflation is cooling in the US and Europe, but the pace of monetary policy easing remains uncertain. China faces low inflation but struggles with insufficient demand. Japan, while maintaining a loose monetary policy, contends with high inflation and currency depreciation. What impact will these divergent trends have on the global economy and financial markets? How should major economies coordinate policies to enhance global economic stability?

CF40-NRI Financial Roundtable: Comparative Analysis of the Chinese and Japanese Economies

14:30 - 16:00 Panel I: Macroeconomic Policies in the Context of High Debt and Low Growth

What lessons can be learned from Japan's experience in addressing the challenges of high debt and low growth? How to coordinate fiscal and monetary policies to overcome this predicament? Both China and Japan face challenges such as the increasing fiscal burden due to aging populations and the rising fiscal investment in high-tech industries. How to better use fiscal tools and policy space to promote sustainable economic growth while controlling debt risk?

Moderator: **JIN Zhongxia** CF40 Guest Member

Keynote speeches (15 min each):

Kazumasa IWATA President, Japan Center for Economic Research; Former Deputy Governor, Bank of Japan

YI Gang Former Governor, People's Bank of China

Masahiro KAWAI Professor Emeritus, The University of Tokyo; Former Deputy Vice Minister,
Ministry of Finance of Japan

YU Yongding Chairman, Pushan Foundation; Academician, Chinese Academy of Social Sciences

Roundtable Discussion (30 min)

16:00 – 16:10 Coffee Break

16:10 – 17:30 Panel II: Evolution of Low-Interest-Rate Environment and its Impact on Financial Institutions

Global experience shows that crises are often followed by prolonged periods of low interest rates. What challenges will financial institutions face in this environment? How has Japan managed the shift from high to low interest rates and growth, and the associated financial risks and economic impacts? What measures should financial regulatory authorities take to prevent the accumulation and contagion of systemic financial risks?

Moderator: **Vicent He YANG** CF40 Guest Member

Keynote speeches (15 min each):

XIAO Gang CF40 Nonresident Senior Fellow; Former Chairman, China Securities Regulatory Commission

Tomoko AMAYA Executive Advisor, Norinchukin Research Institute; Former Vice Minister for International Affairs,
Financial Services Agency of Japan

TU Hong Chief Business Officer, Bank of Communications
